

TOGETHER, WE ARE BUILDING A HEALTHIER SOUTHEAST ASIA

BUYMED leverage the power of technology to improve healthcare access and deliver quality medical products to people in need

CORPORATE PRESENTATION

June 2025

Important Notice

IMPORTANT: The information contained herein is preliminary and subject to change without notice, its accuracy is not guaranteed, has not been independently verified and may not contain all material information concerning Buymed Pte. Ltd. (the “Company”) and its subsidiaries (“Buymed”). You should not rely upon it or use it to form the basis for any investment decision or commitment whatsoever.

None of the Company, its shareholders, or any of their respective affiliates, directors, officers, employees, agents, advisers or any other person makes any representation or warranty (express or implied) or accepts any responsibility or liability for the accuracy or completeness of this presentation or any or all of the information in this presentation or otherwise made available. It is not the intention to provide, and you may not rely on these materials as providing, a complete or comprehensive analysis of the financial or trading position or prospects of Buymed. No part of this presentation shall form the basis of or be relied upon in connection with any contract or commitment whatsoever. Further, nothing in this presentation should be construed as constituting legal, business, tax or financial advice. You should conduct such independent investigations and analysis of Buymed as you deem necessary or appropriate in order to make an independent determination of the suitability, merits and consequences of investment in the Company.

This presentation contains “forward-looking statements”. These forward-looking statements involve known and unknown risks and uncertainties, many of which are beyond the Company’s control and all of which are based on management’s current beliefs and expectations about future events. Forward-looking statements are sometimes identified by the use of forward-looking terminology such as “believe”, “expects”, “may”, “will”, “could”, “should”, “shall”, “risk”, “intends”, “estimates”, “aims”, “targets”, “plans”, “predicts”, “continues”, “assumes”, “positioned” or “anticipates” or the negative thereof, other variations thereon or comparable terminology. These forward-looking statements include all matters that are not historical facts. Forward-looking statements are not guarantees of future performance. These forward-looking statements speak only as at the date of this presentation, and none of the company, its shareholders, or any of their respective affiliates, directors, officers, employees, agents, advisers or any other person undertakes to update or revise any forward-looking statements as a result of new information or to reflect future events or circumstances.

Ecommerce is Playing a More Prominent Role in Pharmaceutical Distribution

Vietnam e-commerce market has surged remarkably after Covid, growing at 18 - 25% CAGR from 2021 to 2024

Vietnam Ecommerce sector value and contribution to total retail sales

Ecommerce growth is also expected to be unmissable trend in pharmaceutical distribution

Key drivers

Vietnam's government digital health initiatives

Convenience of digital solutions & streamlined delivery

Exponential growth of smart phones usage

Inefficient traditional distribution model

Vietnam Pharmaceutical Market

Consumer Trends and Government Initiatives Drive Transparency and Digital Transformation

Counterfeit drugs are on the rise, putting consumers at risk ...

10% drugs sold in developing countries is either fake or poor quality

1,100 counterfeit and intellectual property violation cases in drugs, supplements, etc. uncovered in 2025

... stricter government controls aim at increasing transparency

According to Law No. 44/2024/QH15

- 1 E-commerce enablement**
Legalizes online sales of non-prescription drugs, opening doors for licensed players to operate in a transparent marketplace
- 2 Digital embracement**
Mandates barcodes/QR codes for traceability and modernized oversight
- 3 Invoice compliance**
Enforces stricter invoicing to boost transparency

Image: QR code labeling on each medicine box at Buymed's. Since 2021, Buymed has invested **millions USD** in **QR code technology** to boost supply chain traceability.

Patients will continue to purchase drugs directly from retail pharmacies to avoid lengthy waits in overcrowded public health facilities

Vietnam Pharmaceutical Market Sales (billion USD)

The health-empowered-and-conscious generation

Access to middle-class comforts is not only increasing demand for diverse health solutions but also motivating individuals to proactively prepare for common diseases. This trend is particularly relevant given the rise of sedentary lifestyles, which inevitably lead to higher incidences of obesity, diabetes, and other costly chronic health conditions.

Our Breakthrough Model to Solve Complex Issues

Combining Healthcare, Technology & Supply Chain Capabilities

Traditional pharmaceutical industry face significant challenges ...

- 1 Lack of information and advice direct to consumers
- 2 Lack of high-quality products at affordable prices
- 3 Inefficient logistics
- 4 Limited access to modern technology
- 5 Limited finance resources and large capital requirement

...

...addressed by our unique model combining core assets in technology, supply chain and healthcare

Modernizing the Fragmented Market

Bringing Values to Stakeholders

Delivering Significant Impacts to Our Customers

Case studies: Strategic partnership with Sanofi on Phosphalugel & Magne B6

Distribution performance boosted

(Number of pharmacies)

Regained #1 position in acid control

(Retail channel share)

“

What do our customers say about us?

“I have been with Circa for 2 years. Thanks to Circa's dedicated support, my pharmacy has grown by 30%. The competitive prices and marketing programs conducted by Circa have helped boost my pharmacy's sales”

Mr. Long Huynh, Long Huong Pharmacy

“Our sales drive up rapidly, it's a bit out of my expectation. Especially the products with slow sales in other channel perform very well with Buymed support”

Mrs. Thanh Ha, CEO Viet Nhat Pharmaceutical

“We are proud to cooperate with a reputable company like thuocsi.vn with a nationwide distribution system, to distribute Durex products”

Mr. Soren Bech, GM Durex

Management Team With Deep Experience in Healthcare, Backed by Regional Investors

Mr. Nguyen Huu Minh Hoang
CO-FOUNDER AND CEO

Mr. Hoang co-founded Buymed in 2018. Before joining Buymed, he consulted within the healthcare and technology industries across Southeast Asia & China and worked on marketing strategy, distribution support policy, and expansion planning for major healthcare companies including Abbott, Roche, and Siemens. In 2020, Mr. Hoang was named in Forbes Asia 30 under 30.

Mr. Vuong Dinh Vu
CO-FOUNDER AND COO

Mr. Vu got his passion for healthcare from his parents who own and operate one of the leading healthcare distribution companies in central Vietnam. Through his extensive experience in the healthcare industry, he came to understand the inefficiencies of its distribution and sales and has made it his life-long mission to improve healthcare in his country.
